

Using JoVE Videos with MS PowerPoint

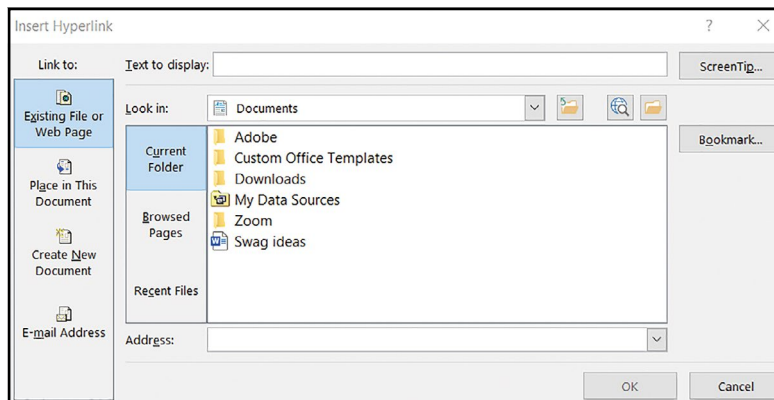

Below is a simple guide on how to use JoVE in Microsoft PowerPoint. JoVE videos can not be embedded directly into MS PowerPoint, however, you can link videos to the presentation content:

- [Log into](#) your JoVE account and navigate to the desired video
- On the video page, click on the **Embed** button to generate an embed code with an access key
- Copy URL

- Open your **PowerPoint** presentation
- Go to the **Insert** tab and find the **Links** section
- Click on the **Link > Insert Link**
- Add the name of the video to the **Text to display** box
- In the **Link to** block, choose **Existing File or Web Page**
- Paste copied JoVE video URL into **Address** box and click **OK**

- Watch the desired video by clicking on the link!
